

Welcome to Care Haven Homes

Recognizing the need for a new approach to Alzheimer's care, we opened our first home in 2005. We promised to

- Treat each resident as a person, not a patient.
- Protect the comfort and dignity of all.
- Feature activities tailored to individual interests, preferences and capabilities.
- Focus on making the most of each moment.

Today, person-centered care in a home-style setting is memory care's gold standard. We are proud to have helped pioneer the concept in the Kansas City area. The "Care Haven Difference" has meant better Alzheimer's care for hundreds of metro families over the past 10 years.

As Dorothy said, "There's no place like home." Care Haven homes are real homes in quiet, residential neighborhoods. Home means no company yard signs – no cavernous dining rooms – no long halls lined with wheelchairs. It offers peace and privacy.

Care Haven homes are safe, comfortable ranch houses. They're specially designed for people with memory loss. Residents share a warm, family style setting. Professionals provide kind and consistent care, round the clock. Because our five houses cater to different levels of cognitive & physical ability, most residents can live in Care Haven's homes from Alzheimer's early through last stages.

Care Haven homes maintain high staffing levels. Our caregivers have the time to get to know every resident. They can anticipate wants and quickly respond to needs. Comforting people is their most important job - avoiding stress, calming anxiety, creating a sense of security, preserving dignity.

Our homes are calm, but our residents do more than rest. They're busy with fun, meaningful pastimes, matched to each individual. They make the most of each day.

We help residents stay connected. We

- Include favorite recipes on the menu.
- Work cherished traditions into the calendar.
- Welcome family and friends to visit and join our celebrations.
- Help maintain other trusted relationships, from clergy to doctors and therapists.

We respect these bonds. As a local, family business owner, I'm mindful of our special connections: to residents, families, the caregiving community and our Kansas City neighbors. I'm committed to maintain these relationships by continuing our own tradition of careful, hands-on oversight.

Families from across the metro have placed their loved ones in our care. It's a special trust we take very seriously. We hope to earn yours as well.

Sincerely,

A handwritten signature in blue ink that reads "Neil Barnett".

Reasons to Choose Care Haven Homes for Better Alzheimer's Care

Come Home

These are real homes in quiet residential neighborhoods. Residents decorate their rooms with their own furniture, pictures and mementos. Home means no company yard signs – no cavernous dining rooms – no long halls lined with wheel chairs. It means peace and privacy.

Join a Caring Community

Be supported by compassionate professionals in a warm, family style setting. Mom will be treated as a person, not a patient. Dad will enjoy activities tailored to his interests, tastes, background and abilities, to make the most of his day.

Get Lots of Attention

Our caregiver staffing level is unusually high. Caregivers have the time to get to know every resident. They anticipate wants and quickly respond to needs. Comforting people is their most important job – avoiding stress, calming anxiety, preserving dignity.

Feel Secure

Our homes are ranch houses, specially designed for people with Alzheimer's. Residents receive round-the-clock, professional assistance rarely available in a private residence – and individualized attention that's difficult to find in a larger setting.

Settle In

Our five houses cater to different levels of cognitive & physical ability. Most residents can live in Care Haven's homes from Alzheimer's early through last stages.

See Familiar Faces

We're proud of our staff's commitment to our residents. In an industry plagued by high turnover, our caregivers stay longer. They value the close relationships they're encouraged to form with residents, their families and each other.

Know the Owner

Care Haven Homes is a local, family-owned business. Residents' families appreciate Neil Barnett's active, hands-on oversight of day-to-day operations – and his accessibility. We're happy to provide references on request.

Benefit From Experience

We helped pioneer the concept of the residential Alzheimer's care home in the Kansas City area. The "Care Haven Difference" – person-centered care in a home style setting – has meant better Alzheimer's care for hundreds of metro families over the past 10 years.

Enjoy Convenience

Families from all over the Kansas City area find our homes easy to visit. They are clustered together in Leawood and Overland Park, a short drive from our Prairie Village headquarters. Each is near a major street and is less than 5 minutes from an interstate highway.

Find Value

Alzheimer's care is expensive, but you may be surprised at the value our homes offer. As you compare costs, compare caregiver staffing levels, too. More well-trained caregivers per resident means better, individualized attention.

Many residents are able to offset expenses with long-term care insurance or Veterans Administration benefits.

Professional Memory Care in the Warmth of a Home

Answers to Your Questions

Alzheimer's care is a long, sometimes bewildering journey. We're happy to guide you. With the benefit of many years of everyday caregiving, we can offer you lots of practical advice and support.

Get Social

Caregivers spend a lot of time online. We search for health information. We look for someone who understands our concerns. Sometimes we just hope to find a little respite and relief.

We've created social spaces on Facebook, Pinterest and Google+ where caregivers can gather. We hope you'll stop by for a visit. Relax and enjoy a chat!

Find A Better Way

Our website features a blog: "A Better Way." In it, we explore the issues our residents and families face. We explain how people with Alzheimer's experience the world – and how understanding that experience is critical to providing better care.

Check it out! We think you'll find "A Better Way"

- Is filled with useful information for any family member or professional who provides hands-on care and
- Empowers anyone who advocates for people living with Alzheimer's or another form of dementia (whether in a doctor's office or a public awareness campaign).

Subscribe to receive new blog posts via email. Find the subscription form by clicking the email button in the upper, right-hand corner of our website's home page.

Just Ask

Our Community Liaison, Courtney Goin, has a broad network of area providers and a comprehensive knowledge of local memory care resources. She can offer skilled and sensitive counsel in your search for answers. Contact her at Courtney@CareHavenHomes.com.

Our Services

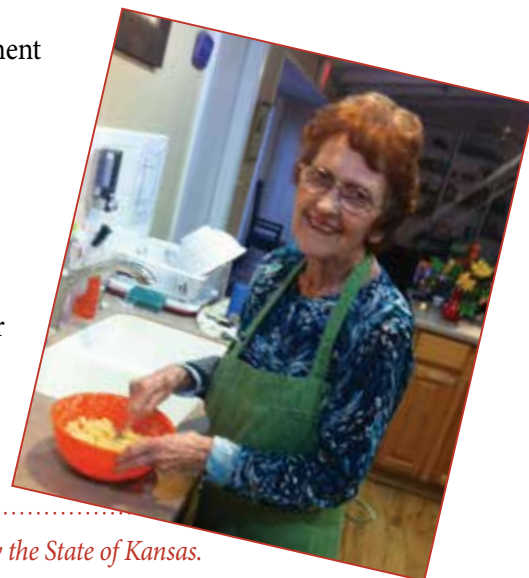

Compassionate Care for All Stages

We care for people with symptoms of dementia. Most have Alzheimer's, but some live with memory loss caused by Parkinson's, stroke or other medical conditions.

Our five homes cater to different levels of cognitive & physical ability. We're committed to making Care Haven Homes the best choice for our residents & their families, from dementia's early through last stages.

Included In The Monthly Fee:

- 3 nutritious, home-cooked meals daily, with snacks available any time
- Private bedrooms, which can be decorated with the resident's own furnishings
- Custom fire alarm systems, emergency generators, medical alert systems, secured yards & exit doors that restrict elopement
- Nurses overseeing residents' health care in the homes
- A nurse on call for 24-hour emergency response
- Trained & licensed care staff on duty round the clock
- Health, diet, medication & continence management
- Coordination of home health & hospice services
- Bathing, dressing & grooming assistance
- Laundry & housekeeping services
- Meaningful, highly individualized daily activities that bolster physical & cognitive abilities, encourage social interaction & boost self worth
- Trips & outings, as appropriate, to local areas of interest
- The countless details that make our residents feel at home

Care Haven Homes are licensed & regulated as Home Plus facilities by the State of Kansas.

Extensive Range of Additional Services

Complete Care In Comfortable Surroundings

Trips to the doctor, lab or store are time-consuming and inconvenient for you. They're stressful and confusing for someone living with dementia.

We can help. We offer a wide range of optional medical and personal services in our homes, billable to residents and their families or insurance.

We're happy to work with other physicians, home health care agencies and hospice care providers to help residents receive close, personal attention from familiar people in comfortable surroundings.

Pharmacy Services*

No time to handle refills and pick up prescriptions? We coordinate with a pharmacy that delivers meds to all of our homes. *No Delivery Fees. Cost of medication is billed to resident's insurance.*

Transport Services*

A resident may keep his or her regular physician and continue visits to that doctor's office. Whether a resident is ambulatory or uses a wheelchair, we can help arrange door-to-door transport within Johnson County or the surrounding area. *Expense is dependent on service requested and is the responsibility of the resident or family.*

Primary Care Provider*

If you'd rather not schedule and attend appointments or arrange transportation, Mom can see one of the geriatricians who visit our homes. These doctors make regular "house calls" to address routine medical needs, examining residents in the comfort of their rooms. *Visits are billed to the resident's insurance.*

Lab Services*

A visiting lab company provides both regular and intermittent services. Technicians make draws in the privacy of a resident's room. The results are delivered to our Nursing Supervisor and the ordering physician. *Lab costs are billed to the resident or the resident's insurance.*

Dental Services*

Oral health may be affected by or contribute to infection, osteoporosis, diabetes, cancer and heart disease. A dental hygienist regularly sets up a complete exam room in each home for our residents' oral care. *Visits are billed to the resident.*

Podiatry*

Problems with the feet often signal the onset of serious medical conditions as we age. Our residents can receive the regular care of a podiatrist who conducts clinics in our homes. *Visits are billed to the resident or the resident's insurance.*

Hair Dresser

A licensed, professional hair stylist regularly visits our homes. Residents can schedule appointments for cuts, trims, color and perms. *Expense is dependent on service requested and is the responsibility of the resident or family.*

Adult Continence Supply Program

A resident's family may choose to provide a supply of disposable products for continence management. If you prefer, we can arrange the purchase, delivery and maintenance of a supply of adult briefs and wipes, based on the individual resident's need. Cost of supplies is added to the resident's regular monthly bill. There is no additional charge for gloves or continence management fees.

** Special fees, deductibles or co-pays are the responsibility of the resident or family.*

**For more information or a private tour, call 913-643-0111,
or visit www.CareHavenHomes.com.**

What People Are Saying About Us

If we had the decision to make again, we would move our loved one to Care Haven sooner rather than later.

The caregivers were attentive and kind to my mother-in-law. Other residents were treated with equal respect and, quite frankly, love.

It may sound cliché, but Care Haven became her home. Little things that mattered so much to her were put in place, and she truly seemed content and happy there. She thrived in the family atmosphere Care Haven provided.

- Lucia R., Shawnee, KS

When we moved Mother, her quality of life instantly improved, as did mine. I felt so secure in her situation that I no longer needed to daily monitor her care.

- Bobbie M., Liberty, MO

Care Haven Homes has exceeded my expectations as a home for the care of my dear friend, Betty. As her Power of Attorney, I wanted her to live in a place where dignity, compassion, comfort and safety were foremost.

- Cheryl B., Prairie Village, KS

We were simply amazed day after day at all the things they did for the residents. It was not just the nursing or medical care one expected – it was all the activities and extra effort they made to entertain residents and further the family atmosphere.

- Doug B. and Jeanne L., Liberty, MO

To find a place that almost felt like “home” – where Dad would have personal attention and loving care – was an answer to a prayer. The fact that the caregiver staffing level was high, and that his unique needs were noticed and met, meant so much to us.

- Carol C., Prairie Village, KS

I especially appreciated when the staff would email us updates on Grandma, and pictures from the last party or fun event. This was a way to feel like we were there and a part of her life even on the days that we couldn't visit.

- Karen M., Liberty, MO

A giant load has been lifted from us, and we take great pride in knowing that we have provided Mother with the highest level of care possible.

- Chip and Kyra Z., Leawood, KS
